Profile

I'm a designer who turns everyday frustrations into meaningful digital experiences. To me, design is about empathy, clarity, and storytelling — blending logic with creativity to craft interfaces that feel intuitive and make people say, "that just works."

Education

Symbiosis Institute of Design

2022 – 2026

Bachelor's in Design - User Experience Design

The Lexicon International School

2020 - 2022

Senior Secondary - Class XII

Podar International School

2012 - 2020

Secondary - Class X

Experience

The Climate Troopers

AUG 2024 - MAR 2025

As a UX Designer intern at THE CLIMATE TROOPERS I designed website, forms, created survey forms, developed flowcharts, and drafted project proposals for a café initiative.

HECARDS, Jaipur

JUN 2025 - JUL 2025

I helped the team strengthen their digital identity by completely redesigning the website — focusing on creating a cleaner visual hierarchy, intuitive navigation, and a more cohesive user experience that aligns with their brand goals.
